

DEPARTMENTS OF THE ARMY AND THE AIR FORCE
NATIONAL GUARD BUREAU
1411 JEFFERSON DAVIS HIGHWAY
ARLINGTON, VA 22202-3231

MEMORANDUM FOR ANG/LG

3 January 2006

FROM: ANG/SC
1411 Jefferson Davis Hwy
Arlington, VA 22202-3231

SUBJECT: Certificate to Operate (CtO) for Automated Technical Order Management System (ATOMS (D359)), Version 2.3

1. CtO-06-003-02 is approved for ATOMS, version 2.3 until 26 Feb 07. This CtO specifically limits the operations of ATOMS, version 2.3 and its associated hardware to the ANG Enterprise. This CtO determination can also be found on the AF Portal ANG/CTO Community of Interest.
2. A desktop assessment determined the overall risk rating for ATOMS version 2.3 is low and does not adversely impact the security, network compatibility, and interoperability of the Air Force Terrestrial, Air and Space Communications Network.
3. The previously approved Ports, Protocols, and Services (PPS) for ATOMS (D359) version 2.0 remain applicable to this version and were attached to the Certificate of Networkiness.
4. Contact information in support of ATOMS follows:
 - Point of Contact: Ms Kay Dills
 - Office: HQ AFCA/EVSS
 - DSN: 779-6291
5. CtO-06-003-02 pertinent to ATOMS versions 2.3 only. The program manager must notify the AFCA POC above of any subsequent releases or changes to the system's security, interoperability, or sustainability to determine if a new networkiness assessment is required. Any changes to this system (i.e., revisions, upgrades, or new versions) may nullify this CtO. Direct questions to my POCs:

MSgt Dean Gass, Process Development Advisor
DSN: 327-5597, Commercial: (703) 607-5597 (dean.gass@ngb.af.mil)

Ms. Valerie Clark, IT Advisor
DSN: 278-8180, Commercial: (301) 836-8180 (valerie.clark.ctr@ang.af.mil)
6. Although this CtO represents approval to place a system/application upon the ANG Enterprise, it is the responsibility of the ANG sponsoring functional (e.g., LG, DP, XO, SC, CE, etc.) to coordinate implementation, resourcing, and support schedules with
